This year we will be studying

Angelology – the study of Angelology is, as the name suggests, about the angels. Angels are real beings who exist in a heavenly realm but who can interact with men and women in this earthly realm. Angels were created by God to worship Him, and serve Him and His people. There are many, many angels and most of them continue to serve and obey their creator. However, several angels fell from their lofty realm and became demons – malevolent spirit beings who oppose God and His people. The leader of the demons is the most evil one of them all; his is called Satan, the devil, the adversary, the serpent, and the dragon. Satan is the enemy of God's people and he attempts to cause them harm by tempting them to sin and unfaithfulness. For that reason, Christians are in a spiritual battle; this battle is not fought with earthly weapons but with spiritual ones like the Word of God and prayer. Christians should not fear Satan, but they should resist them.

Ecclesiology – the study of Ecclesiology is about the doctrine of the church. Ecclesiology comes from the Greek word *ekklesia*, which originally meant "an assembly" and could be any kind of assembly; but this term came to refer to the gathering of those who believe in Jesus and were baptized in water. The church is a new (and unique) institution (found only in the New Testament, not a continuation of the nation of Israel); it began on the day of Pentecost. It is called the body of Christ and it exists to preach the gospel to the lost (evangelization) and build up the believers in their faith and unity (edification). The church is founded on the teaching of the apostles – essentially the New Testament – and it is lead by men called elders who are assisted by men called deacons. The church is a unique institution that exists to reach the Word of God faithfully, serve one another (its members) lovingly, and worship God acceptably and joyfully. In obedience to Christ, the church practices two ordinances: Baptism (a testimony to one's salvation by faith and the saving work of the Father, the Son, and the Holy Spirit) and the Lord's Supper (remembrance of the blood and broken body of Jesus for sinners on the cross). In the church are members, who profess that they are saved who support the church, who submit to the elders, and who serve one another by using the special gifts the Spirit gives to each one for the common good.

Eschatology – the study of Eschatology is the study of "last things" or the "end times". Eschatology comes from the Greek word *eschatos* which means "last things". One part of this study has to do with what happens to individual persons who die. Those who have never placed their faith in Christ and His death on the cross for their sins will go to everlasting punishment (hell) and those who have trusted in Christ as Lord and Savior will go into God's presence forever (heaven). Another part of the study of "last things" has to do with the final phases of God's plan for mankind, for the nations of the earth, and His kingdom. The Bible has revealed that there will be events to complete God's purpose for the church, (i.e. the Rapture, when the church is taken to be with the Lord, the Bema Seat Judgment, and the marriage supper of the Lamb), for the nation of Israel (i.e. the Tribulation, the inauguration of the Millennial Kingdom) and for Satan (who will be thrown into the abyss for one thousand years). After the Millennial Kingdom (of one thousand years), God will establish the new heaven and new earth where all the saved will enjoy living in His presence for eternity.
